

## **Policy on the promotion of commercial organisations**

U3A Moraira Teulada is a non-profit organisation. Its members/ the Committee/ Group Leaders do not receive payment for their services, and as a general rule we do not promote the activities of any commercial organisation. We have a Facebook page where members can buy or sell items privately, but not commercially (see Facebook U3A Moraira-Teulada terms and conditions). Our Newsletter may be used to advertise local events in aid of charity but not commercial functions, or goods and services. Speakers at our General Meetings are not permitted to promote their business or commercial activity (if they have one).

There are only two exceptions to this, both of which were introduced as a service to our members.

These are:

**Associate groups** - These are headed up by a professional teacher or group leader who is paid directly by the members of that group.

**Discounts** - Where a local organisation offers a discount to our members, this is advertised on our discounts page.
